

AGNUS DEI

- Carrara marble, 3D printed gold-plated steel
 - 30" x 21" x 11"
 - Carved using robotic milling techniques
- 2015
- Inspired by a painting by Francisco de Zurbarán from 1635
- Part of the "Turf and Terrain" exhibit in the historic Foggy Bottom neighborhood in Washington, D.C.
 - First time his work was displayed outdoors
- "The piece conjures notions of confinement by technology and materialism"
